

January 5th, 2022**PRESS RELEASE****FOR IMMEDIATE RELEASE****CONTACT: Andrew Crouse****Phone: 503-626-8979****DH Sutherland to represent Fibertech Group in North America**

DH Sutherland (Beaverton, OR) has announced it will represent Fibertech Group's (Mornago, Italy) portfolio of epoxy-based carbon fiber prepreg materials in North America. Fibertech's portfolio of prepregs is well established in Europe for tooling, recreation, and transportation markets. DH Sutherland is excited to introduce the products to the same markets in North America.

Andrew Crouse, DH Sutherland President, says, "The DH Sutherland team is excited to bring Fibertech's portfolio of prepregs to North America. Fibertech has set itself apart in the crowded European market by manufacturing a very high quality prepreg at competitive pricing."

Michele Valentini, Fibertech, says, "We are excited to partner with DH Sutherland and expand our products into the North American market. With the success of our products in Europe, we know we're providing DH Sutherland with a portfolio of products with a proven track record."

About DH Sutherland

DH Sutherland partners with advanced composite manufacturers to qualify and supply technologies for lighter, stronger, and quieter products. From material qualification to production scaling, our technical expertise is solely focused on our customer's success.

About Fibertech Group

Fibertech Group, based in Marnago, Italy, is a manufacturer of epoxy-based solvent free carbon fiber prepreg materials. Fibertech weaves the finest filament yarn into many different styles and impregnates material in-house with their own developed resin systems.
